SUBJECT:—*Export effort by units engaged in priority or other industries during the year 1968—Production of evidence regarding.*

No. 23-ITC(PN)/69.—It has been decided that, for the purpose of facilities that may be provided to actual users under the import policy for 1969-70 on the basis of their export performance, the exports made during the period from 1st January, 1968 to 31st December, 1968 will be taken into account. Accordingly, industrial units, both in the large and small scale sectors, including public sector industrial undertakings, engaged in priority or other industries, should produce evidence of their export performance during the period from 1st January, 1968 to 31st December, 1968. The evidence to be produced should be in support of the extent of their contribution to export sales during the said period in relation to their production in the same period.

2. The following documentary evidence should be produced by the units concerned, in support of their export performance in relation to their production during the calendar year 1968 :—

- (i) Book value of total production during the year 1968.
 - (ii) Total c.i.f. value of imported raw materials and components (not spare parts) consumed by the unit during the year 1968, duly certified by a Chartered Accountant or Cost Accountant in the proforma annexed to this Public Notice. This should also include the consumption of imported items of iron and steel.
 - (iii) Total f.o.b. value of exports in respect of goods manufactured by the unit and exported during the year 1968, as under :—
 - (a) Exported in the unit's own name.
 - (b) Exported through merchant exporters.
 - (c) Exported as components or parts or raw materials in the finished products manufactured by others.
- (NOTES:—The information in respect of (b) and (c) above may be furnished only if the applicant is sure of its accuracy.
- (iv) A statement showing the particulars of the import licences obtained by the unit under the import policy for Registered Exporters during the year 1968, (i) as manufacturer-exporter, (ii) as nominee of merchant exporter, and (iii) as nominee of manufacturer-exporters, duly certified by a Chartered Accountant or a Cost Accountant, in the proforma annexed to this Public Notice. The import licences obtained by the unit from the Iron & Steel Controller's Organisation under the import policy for Registered Exporters, should also be included in the statement.
 - (v) A statement of nominations made by the unit in favour of other manufacturers during the year 1968, under the import policy for Registered Exporters.
 - (vi) Any other documentary evidence.

3. The evidence in terms of this Public Notice should be produced by units engaged in priority industries and non-priority industries (where the end-products are covered by the import policy for Registered Exporters), depending upon the imported raw materials, components and spare parts.

4. The required evidence should be produced to the Chief Controller of Imports, New Delhi (Import Policy Cell) on or before 15th March, 1969, so that the scrutiny of export evidence can be completed before the announcement of the import policy for April 1969—March 1970 period.

5. The units engaged in the undermentioned industries need not furnish information required in terms of this Public Notice :—

- (i) Fertilisers;
- (ii) Pesticides;
- (iii) Industrial and Mining machinery;
- (iv) Cement;
- (v) Tea;
- (vi) Jute Textiles;

- (vii) Coffee;
- (viii) Sugar; and
- (ix) Cotton Textiles.

6. The documentary evidence indicated in paragraph 2 above should be produced separately in respect of each end-product or group of end-products for which the unit has to apply for separate licences to import raw materials and components under the import policy.

7. The industrial units which have been in production for a period of less than 5 years as on 1st January, 1969, should also produce along with the required evidence, a certificate from the sponsoring authority concerned in support of their having been in production for less than 5 years.

8. In the case of industrial units which fail to produce the evidence indicated in this Public Notice, it will be held that they do not consider themselves eligible to any facilities that may be provided under the import policy for April 1969—March 1970 to the units having export performance to the extent as may be specified.
